

# EVOKER

## Literature & Philosophy Reading Method

This reading method works best with books of literature, prose, or philosophy. For traditional textbooks with headings, use a method like SQ4R.

"EVOKER" stands for the steps in the reading process.

### **EXPLORE**

Read the section silently to yourself.

Mark any unknown words or vocabulary, but continue reading.

### **VOCABULARY**

After the initial reading, look up any words you did not understand, and write the definitions in the book next to the unfamiliar words.

### **ORAL READING**

Read the section again out loud with expression.

### **KEY IDEAS**

Identify the key ideas, including the theme of the passage.

### **EVALUATE**

Evaluate the key ideas.

### **RECAPITULATE**

Read the passage one more time for your own pleasure.
